

## CONFERENCE TO AVERT MINERS STRIKE FAILS

### Another Effort Will Be Made by Sec'y Wilson.

## LEWIS GIVES VIEWS

## All Scale Committees of Miners and Operators Will Meet Monday.

WASHINGTON, Oct. 17.—Following an all day conference, to avert a strike of nearly half a million bituminous coal miners, called for the very eve of winter, Secretary of Labor Wilson tonight invited miners and operators to meet their full scale committees in Washington next Tuesday, when another effort to bring about peace in the industry will be made.

Both sides accepted the invitation. This did not offer any great hope, however, for representatives of the operators stood firm in their determination not to negotiate any demand for a six per cent pay, and not to deal with unions unless the strike, set for November 1, was called off.

## Lewis Issues Statement.

John L. Lewis, acting president of the United Mine Workers of America, whose word probably would swing the unions one way or the other, showed that he was laboring under a strain when he left the three-cornered meeting.

Speaking to a group of reporters, he said he had told Secretary Wilson that the 32 members of his wage scale committee could be here on Tuesday to meet an equal number from the other side, but it would be useless to reconvene the joint interstate wage conference "unless the operators changed their attitude" and indicated a willingness to frame another agreement.

Thomas T. Brewster, chairman of the coal operators of the central competitive coal fields, embracing Illinois, Indiana, Ohio, and Western Pennsylvania, after sitting thru the day at a table with Secretary Wilson and Mr. Lewis, hurried away from the secretary's office and refused to talk in an hour or two later, he sent word to Mr. Wilson that his wage committee would be on hand for the joint conference.

## Operators Stand Pat.

"Indication of a willingness on the part of the miners to carry out the existing contract, which former Fuel Administrator Garfield attests is still in effect," receding of the strike order and continuation of the work pending negotiations and understanding that the negotiations do not constitute any reduction in the hours of labor below the present standard of eight hours a day, six days a week. On the heels of this Mr. Brewster's statement addressed to Secretary Wilson at the collective bargaining.

## As Pertinent to the Questions Involved.

"It is not advisable to say that coal operators of the central competitive field have adhered to principles and practices of collective bargaining for thirty-three years with the largest body of organized labor in the United States. It is our opinion that our negotiations have broken down, and that our contract has been abrogated by the miners' union, in their call for a strike Nov. 1, because the present system of collective bargaining does not fix responsibility under the law between the employer and the labor union."

## No Cause For Higher Prices.

Indianapolis, Ind., Oct. 17.—There is no cause for a reported movement to increase the price of bituminous coal, according to a statement issued from the Indiana Industrial Headquarters of the United Mine Workers of America here today.

## "Since the call for a strike of bituminous coal miners was issued by acting President John L. Lewis of the United Mine Workers of America to become effective on November 1, press reports show that there is a movement on foot throughout the country to increase the price of coal to consumers," the statement reads.

"It has come to our attention that in many places a movement is being made that the price of coal will be advanced one dollar a ton this week.

"It will be well for the public to bear in mind the fact that the strike does not take place until the first of November and that the strike order directs all soft coal miners to remain at work until that date. There will be no suspension of operation in soft coal mines before November 1. Therefore we wish the public to

## NEARLY ALL A. E. F. HOME INDUSTRIAL PARLEY COMPLETES SECOND WEEK

Adjournment Taken Until Monday by Delegates.

## NO DECISION REACHED

Labor Body Withdraws the Collective Bargaining Proposition.

## WASHINGTON, Oct. 17.—

Without reaching a decision on recognition of the right of workers to bargain collectively—an issue which has been the subject of two days of debate—the national industrial conference tonight closed the second week of its deliberations. Adjournment was taken until Monday when there is every indication that the conference will make a new start, a definite program for procedure to that end being in process of formation.

## Withdrawing their motion made yesterday to recommend the labor public declaration on collective bargaining, the employers took the initiative today by offering a substitute resolution which would protect their right "to deal or not to deal with men or groups of men who are not employees."

The withdrawal came as a surprise to representatives of the public who were prepared to support it and had expressed their willingness to agree to amending of it.

The motion to adjourn until Monday offered by Thomas L. Chadbourne, a public representative and chairman of the conference's central committee of fifteen, was carried by a vote of 10 to 8. Both declarations as to collective bargaining to the central committee. This committee will meet tomorrow to reconcile the two declarations if possible and also to consider the new plan which was understood provides that the issue of collective bargaining remain in the background until agreement can be reached on the less disputed questions.

After several hours of don't-leave-the-table debate, Samuel Gompers, president of the American Federation of Labor, who returned to his seat in the conference at the afternoon session after a three days illness, brought the discussion to a climax with reply to L. F. Loree, president of the Delaware and Hudson railroad and a representative of the employers.

## Denying the assertion of Mr. Loree that labor had taken advantage of the war to force important concessions from the government, Mr. Gompers declared that labor had been actuated by the most intense patriotism during the war and that labor had made good its pledge of cooperation given to President Wilson before the nation entered the world conflict. But declared the veteran labor chieftain, noticeably weakened by his recent illness, "the masses of labor of the United States have at last found their ability to articulate thru organization and the time has come when in America labor is determined to get its share of the rewards of its toil."

## LOCATE IN GALESBURG

The many friends of Dr. Elizabeth Wagoner Eustice will regret to learn that she will make Galesburg her home in the future. Dr. Eustice came to this city from Des Moines, Iowa, two years ago, and had offices in the Cherry Plaza. She built up a large practice, but owing to serious illness in her family she has been unable to give her attention to her practice. While Jacksonville friends of Dr. Eustice regret to see her leave Jacksonville, they will wish her success in her new home.

## WILL MAKE PAPER OUT OF COTTON

Memphis, Tenn., Oct. 16.—Manufacture of paper stock from cotton linters, declared by experts recently to be possible and also advisable in view of the decreasing supply of pulp wood, will be started in two mills to be erected at Memphis and Augusta, Ga., it was announced here today by officials of the Buckeye Cotton Oil company. Both mills are to be in operation within five months.

know that there is no reason why the price of coal should be increased at this time. Any such increase can only be viewed as plain everyday profiteering on the part of those who raise the price and that its only purpose can be to put greater profits in the pockets of those who profit from the advance.

## Too Much Profiteering.

"Such profiteering if carried into effect will be wholly indefensible and the public should bear this fact in mind.

"Bituminous coal operators who were well contented with a profit of not more than ten cents per ton in pre-war times, are now, and have been for the last two or three years, making a profit ranging as high as one dollar per ton.

"The public should hold that in view of this fact there is no justification for a further increase in the price of coal. Such operators are responsible for the proposed increase because the operators have refused to increase the wages of the miners."

Local coal dealers declare that since the strike order was issued the price of coal has been increased at the mines from 25 to 50 cents a ton, and say it is likely to go even higher. One local operator said the price now was no object, and that retail dealers and industrial concerns were offering higher prices in order to get coal.

## Condensed Telegraphic News

ST. PAUL, Neb., Oct. 17.—Lieutenant Cameron Wright in charge of the landing field here for the trans-continental air racers, was killed late today when an airplane in which he was riding went into a tail spin and dropped 200 feet.

BERLIN, Oct. 17.—By The Associated Press.—The entire left bank of the lower Duna river is in the hands of the Russians under Colonel Avaloff-Bermond, says the Lokai Anzeiger's St. Petersburg correspondent.

"Then the Letts," the correspondent adds, "are attacking Thorenburg from the right and causing heavy damage. Avaloff-Bermond is said to be sparing Riga."

LONDON, Oct. 17.—A Bolshevik official communication issued on Thursday evening and received here by wireless, reports that the Bolsheviks have taken about 35 miles west of Krasnaia Gorka and in the region of the Krasnoye Selo and Gatchina, and also 35 versts northeast of Pskov.

A dispatch from Moscow says eleven enemy torpedo boats are bombarding Krasnaia Gorka.

## STOCKHOLM, Oct. 17.—A dispatch received here this evening

says the army of General Yudenitch entered the suburbs of Petrograd at 3 o'clock on Thursday afternoon.

## LONDON, Oct. 18.—(Saturday 1:25 A. M.)—Up to the present

hour the British authorities have received no confirmation of the entry of General Yudenitch's forces into the suburbs of Petrograd on Thursday. The belief was expressed that General Yudenitch's men had not advanced so far as the former Russian capital.

## LONDON, Oct. 18.—(Saturday 1:25 A. M.)—The Helsingfors correspondent of the Daily Mail in a dispatch sent at 2 o'clock on Friday morning claims to have authentic information that neither Petrograd, Gatchina, nor Pskov has been taken. He gives details tending to show that the anti-Bolshevik troops have not yet crossed the railroad running between Gatchina and Pskov.

## WOMEN MUST HELP FIGHT HIGH PRICES

Aid Will Be Enticed By Attorney General Palmer—People Must Learn to Economize.

Washington, Oct. 17.—Attorney General Palmer and his official associates in the fight on the high cost of living, determined today to enlist the aid of the women of America.

By appealing to them it is hoped to inaugurate an epoch of "buy now" propaganda of trades people. Furthermore an attempt will be made to discourage the rampant changes in styles dictated by the makers of women's apparel and thereby effect a saving in clothes.

Another important decision taken at a meeting today was to release more surplus supplies held by the government if it can be done without embarrassment to the departments involved.

Secretary Daniels reported that he had sugar enough to run the navy six months before he released any of it as assured of ample replacements. Indicative of the broad scope which Mr. Palmer's efforts are taking was the request of Chairman Payne of the shipping board to release any surplus building materials which he has on hand, especially lumber needed for home building.

Speakers will be put soon in every state to carry the message that the way to beat the profiteers is to ignore the propaganda saying that prices are certain to go higher and to wait for the decline which officials say is inevitable.

These speakers will be armed with facts and figures gathered by the council of national defense in its war work and showing production costs in virtually every industry in the country. The first complete official report of what has been accomplished by the use of such laws as were available was given by Mr. Palmer, showing that there have been 86 cases of seizures under the food control act with 2 cases still under investigation. Three cases have been held for the grand jury and two others, jail sentences and fines have been imposed.

## BRITISH SHOULD SHARE GIBRALTER WITH U. S.

NEW YORK, Oct. 17.—A suggestion that Great Britain share the control of Gibraltar with the United States was made by Henry Morgenthau today on his return from a seven months trip abroad, primarily as chairman of a committee appointed by President Wilson to investigate the pogroms in Poland.

Referring to his previous advocacy of the acceptance by the United States of a mandate for Constantinople, Armenia and Anatolia, Mr. Morgenthau said: "Our people will expect Great Britain to welcome us in the Mediterranean and the near east no as a rival or competitor but as a full partner with all rights, privileges and responsibilities. I have thought deeply to how Great Britain can demonstrate her willingness and think the best way would be by her giving us an equal control of the Straits of Gibraltar."

## PLAN TEST CASE

Kansas City, Oct. 17.—Charles E. Hughes, William G. McAdoo and George W. Wickersham, it became known today will defend the constitutionality of the federal farm loan act in court here October 30, when a hearing will be held on a suit filed by Charles F. Smith, a stockholder and director of the Kansas City Title and Trust Co., against the company to test the legality of the tax free features of land bank securities.

## AMERICANIZATION OF FOREIGNERS FAVORED

St. Louis, Oct. 17.—Instruction of foreigners, instruction of women in civic affairs and enactment of laws for the protection of women in industry and for child welfare, were advocated by delegates to the convention of Missouri Women's Suffrage association here today.

## PRESIDENT SHOWS SOME IMPROVEMENT

Four Physicians Called In for Consultation.

## NEED NOT OPERATE

Patient Will Be Under Observation by Experts for a Few Days.

## WASHINGTON, Oct. 17.—

deemable improvement in President Wilson's condition was noted in a bulletin issued tonight from the white house by Rear-Admiral Grayson and the four physicians called in for consultation. The prostatic condition was said to be greatly improved and no operation will be necessary.

The swelling of the prostate gland, a recurrence of which today served to retard the president's recovery, was said to have been relieved so much that a simplified form of treatment could now be instituted. The general condition of the president it was said remains good.

Recurrence of the prostatic trouble, which earlier in the week served to aggravate the nervous exhaustion from which President Wilson is suffering led Rear-Admiral Grayson to call in Dr. Hugh Young of Johns Hopkins Hospital, Baltimore, for consultation.

Meeting with Doctors Young and Grayson in the consultation at the white house late in the day, were Dr. H. A. Fowler, who like Dr. Young is a specialist on prostatic troubles; Dr. Sterling Ruffin, a Washington physician and Rear-Admiral Stitt, head of the naval hospital here. The physicians spent more than three hours at the white house, but after their departure no announcement was made as to what decisions they had reached.

It was said by Dr. Grayson during the day that the swelling of the prostate gland was not serious in itself, but because of its irritating nature was not conducive to the rapid recovery of the president from his attack of nervous exhaustion.

## Midday Bulletin.

The midday bulletin from the white house summed up Mr. Wilson's condition at that time as follows:

## "12:25 P. M. White House."

"Oct. 17, 1919.

"The president passed a comfortable night and is feeling well this morning. His temperature, pulse and respiration rates are normal. The prostatic condition is not as satisfactory as yesterday and is checking general improvement of the past two weeks.

(Signed) "Ruffin."

## "Stitt."

## Evening Report.

Tonight's bulletin was signed by Dr. Grayson and by Dr. Hugh Young, the Johns Hopkins Hospital specialist; Dr. H. A. Fowler, a Washington specialist; Dr. Sterling Ruffin, a Washington physician and Rear-Admiral Stitt, head of the naval hospital.

## It said:

"The president's prostatic gland swelling referred to in previous bulletins is definitely improved and is causing little discomfort, so that the treatment has been simplified. The kidneys are functioning normally and the heart action is excellent. The temperature, pulse and blood pressure remain normal."

Altho no operation was regarded necessary at this time by the physicians called in for consultation, Dr. Grayson requested Dr. Young and the other physicians to meet him tomorrow to continue the study of the case. Dr. Young returned to the white house early tonight observed the patient again and had a long conversation with Dr. Grayson.

An air of distinct relief displayed at the white house during the consultation and it was unofficially stated that as a result of the treatment given today it now is believed that it will be possible to keep the trouble arising from the local ailment in such measure as not to interfere with Mr. Wilson's recovery.

## WILL HONOR LANSING

Albany, N. Y., Oct. 17.—The honorary degree of Doctor of Laws will be conferred on Robert Lansing, secretary of state, by the University of the state of New York at tonight's session of the annual convocation. Mr. Lansing will be the principal speaker of the evening. Only four men who have received this degree are alive now. They are Cardinal Mercier of Belgium, Thomas A. Edison, Elihu Root and Jules Jusserand, French ambassador to the United States.

## HERE FOR BRIEF VISIT

Lieut. Willie Headley of Louisville, Ky., is in the city to assist his aunt, Mrs. D. R. Browning, in closing up business and property affairs before removing to Louisville. Lieut. Headley returned the past week from France, where he had been in service for thirteen months. Prior to that time he was at Camp Taylor for an extended period. He served in a machine gun battalion and while very anxious to get overseas, was equally interested in coming home. The final months of service were spent at Tours guarding German prisoners.

## THREE MORE ALLEGED SAFE BLOWERS TAKEN

Rockford, Ill., Oct. 17.—The second trio of alleged safeblowers believed to be accomplices in the frustrated plot to steal the payroll at Camp Grant Wednesday were arrested tonight.

## DENIES RUMOR

Duluth, Minn., Oct. 17.—Rumors that the Great Northern railroad company was passing from the control of the Hill interests to that of eastern capitalists were denied today by Louis W. Hill, chairman of the board of directors of the road.

## MAYNARD AT CLEVELAND SENATE THROWS OUT REST FALL AMENDMENTS

Flying Parson Expects to Complete Trip Today.

Has Only 503 Miles to Fly to Reach Mineola—Donaldson Closest Competitor.

## CLEVELAND, Oct. 7.—

Lieut. Belvin W. Maynard, the "flying parson" has received orders from the war department to make a one stop flight from Mineola, N. Y., to San Diego, Calif., immediately on completion of his present flight, he announced here tonight. The route will be by way of Dallas, Texas, which will be the only scheduled stop.

Lieutenant Maynard expects to leave here at daybreak.

Chicago, Oct. 17.—At the end of the tenth day in the 5,402 mile aerial race twice across the continent Lieutenant Belvin W. Maynard, leader since the start of the race, tonight was within striking distance of his goal. When Maynard settled down at Cleveland for the night at 5:30 he had but 503 miles to go to reach Mineola, N. Y., where he started the race on October 8.

Captain J. O. Donaldson, Maynard's closest competitor, was at Des Moines, still 620 miles behind the leader, who covered some 750 miles today after his plane had been repaired at Wahoo, Neb.

The leader among the west-bound flyers on the second lap tonight was Captain Lowell Smith, who reached Chicago today from Buffalo in the machine flown by Major Carl Spatz, Maynard's closest competitor on elapsed time in the first half of the race. Spatz gave over two hours to Smith at Buffalo when the latter's was accidentally burned. Smith reached Chicago tonight, 810 miles from Mineola.

Lieut. Alex Pearson broke down today at North Platte, Neb., on the eastward return trip and Captain Donaldson passed him, leaving him third in the race, with some 200 miles west of Pearson.

Lieutenants E. C. Kiel, H. E. Queens and R. S. Worthington left New York on the return trip today the first two reaching Bryan, Ohio, while Worthington, who was in the lead, was in the hospital here.

With the arrival of Lieutenants H. W. George and J. B. Wright; Col. H. E. Hartney at San Francisco today, twenty-three of the sixty-two starters have made the first crossing. Eleven have started the second lap but Major Spatz, west bound, and Captain Harry Smith, east bound, have dropped out, the latter wrecking his plane yesterday in Nevada.

Last in the return trip is Lieut. H. W. Sheridan, who left San Francisco last night and covered a little of the 2,701 mile trip.

The death list remains at seven. Lieut. J. T. Ritcher, last of the eastbound flyers on the first lap, was passed between Chicago and Cleveland today by Maynard on the second lap. A number of westbound aviators are in the Rocky Mountain region with prospect of finishing the first lap before expiration of the time limit Saturday and Sunday.

## SUPREME COURT WITHHOLDS DECISION

SPRINGFIELD, Ill., Oct. 17.—Decision as to whether the "public policy" questions shall go on the ballot at the election November 4 was withheld by the state supreme court today.

After hearing arguments by Attorney John Slade of Chicago for an hour in support of his motion to continue in effect an injunction to prevent the questions from coming to a vote, the court adjourned until tomorrow morning. At that time, former Governor Edward F. Dunne, representing the Initiative and Referendum league, will attempt to refute Mr. Slade's position.

Attorney Slade argued that the people had no right to "instruct" the constitutional convention what to incorporate in the proposed new basic law.

"Questions of public policy may be submitted to voters under the public policy act," said Mr. Slade, "but very apparently the legislature intended those questions to affect legislation and not constitution making."

## MARRIAGE CEREMONIES ARE DISCUSSED

Detroit, Mich., Oct. 17.—Thru action of the laymen of the Protestant Episcopal church in the 1916 general convention sustained by both clerical and lay delegates today the innocent party to a divorce may be re-wedded in the church. Amendment of the canons to prevent re-marriage by an Episcopal priest of a person who had a divorced husband or wife living was defeated despite efforts by many of the clergy and a few of the laity to secure its adoption.

## SET DATES FOR ARGUMENTS

Springfield, Ill., Oct. 17.—The state supreme court today set Monday, October 20, as the date for arguments on the petition of Alma Camp for a writ of mandamus to compel the Cook county board of review to complete 1919 tax assessments on the basis of one-third instead of one-half the full, fair value of property.

## THE PRESIDENT'S AILMENT

The influence—or rather, the  
spirit—of women in politics is  
shown in the recent statement of  
Mrs. Antoinette Funk that the  
president's illness is due largely  
to shafts of malice directed  
against him upon the league of  
nations plan. Mrs. Funk's  
statement fits in well with Presi-  
dent Wilson's own sentences at the  
"broken heart of the world."

## SACCHARIN

Now that the sugar shortage is  
growing more acute some chemi-  
cal manufacturers are advertis-  
ing that saccharin is an excellent  
substitute and much cheaper.  
Further, they declare that sac-  
charin is largely used for sweet-  
ening in every other civilized na-  
tion but the U. S. But there is

the fear that along will come the  
health authorities and declare  
that saccharin is unhealthy if  
not dangerous. And thus another  
plan for cutting living costs  
will evaporate.

## PREACHERS AND PAY

While various church organi-  
zations are adopting resolutions  
and inaugurating movements to  
increase the salaries of ministers,  
a Chicago business man has just  
quit a \$10,000 job to take one as  
a minister at \$2,500. The move-  
ments to increase the salaries of  
preachers are entirely proper from  
the standpoint of living costs.  
Possibly this Chicago man is not  
entitled to as much renown as  
the figures indicate. He may have  
married a rich wife or have some  
other means of private income be-  
side the salary.

## THE ROOSEVELT MEMORIAL

The people of Jacksonville and  
Morgan county have an opportu-  
nity to participate in the Roose-  
velt memorial fund. It is not the  
purpose to have a canvass for  
funds and, in fact, no individual  
solicitation. It is a voluntary  
matter and all persons who wish  
to have a part in the movement  
and to help provide the funds for  
the proposed memorial are re-  
quested to leave their contribu-  
tions at any bank during the com-  
ing week. This is a nation-wide  
movement and it is planned to ex-  
pend the fund not for a monu-  
ment but for a memorial of a  
kind that will benefit humanity.

## THE JEWISH

RELIEF CAMPAIGN  
The campaign for Jewish relief  
work will be on in earnest in Mor-  
gan county in the course of the  
next ten days. There is not the  
same enthusiasm in these relief  
projects that existed when the

war was in progress. Neverthe-  
less, people should remember that  
the conditions it is proposed to re-  
lieve by the contribution of funds  
are the direct result of the war.  
The people have not paid all of  
the debt to humanity, any more  
than they have paid all of the  
taxes that resulted from the con-  
flict. The suffering in Poland,  
Roumania, and other countries  
is acute, based on the most con-  
vincing testimony, and it is ear-  
nestly hoped that Morgan county  
will not be recreant in raising its  
share of the Illinois fund.

## THAT HARMONY PLAN

The Herrin News has come for-  
ward with a "harmony political  
program." This paper suggests  
that the candidacy of Gov. Low-  
den for the presidential nomina-  
tion would be very much strength-  
ened by peace and harmony in  
Illinois, and declares that the way  
to bring this about is for all  
other present state officers to be  
given the right of way as candi-  
dates for re-election, and that  
they by common consent agree  
upon Fred E. Sterling as candi-  
date for governor, since Mr. Ster-  
ling as treasurer cannot be a can-  
didate for re-election.  
Probably the Herrin News edit-  
or has not consulted Col. Frank  
Smith, Congressman R. C. Rich and  
Vates of some of the state of-  
ficers on this peace program.

## UNREST AND A REMEDY

How home conditions are re-  
flected in economic and industrial  
life is suggested in a very forceful  
way by Former Mayor Ole Han-  
son of Seattle. He says:  
"Home is the greatest antidote  
for the present dissatisfaction we  
are finding all over the world, and  
find it an established fact that  
wherever you find home life in-  
terrupted or destroyed, you will  
find a tendency to anarchistic  
ideas or, as we call it now, bol-  
shevism. Unrest is a biological  
fact and if you will look back into  
the history of industrialism you  
will notice that the ratio of men  
to women in the big industrial  
communities and camps is seven-  
ty males out of every one hundred  
population. Men come from the  
small towns, the farms and for-  
eign lands, leaving behind them  
their mothers, wives and sisters.  
Alone they soon congregate  
among themselves—forming men  
communities and from want of  
something to interest them dur-  
ing leisure hours they get into  
mischief and being mostly young  
men (and young men have no  
sense) they proceed to raise a  
row. Why, that mob out in  
Seattle was composed almost en-  
tirely of young men. I don't be-  
lieve there was a married man  
among the lot."

Rippling Rhymes  
By Walt Mason

The Windfest.  
Good sense is demanded, or we  
will be stranded; we ought to be  
sensible now; but still we are  
fretting and swearing and sweat-  
ing and raising the deuce of a  
row. "Be patient and quiet," the  
oracle tells us in vain; "get down to  
crotching and cut out the braying,  
and prove to the world you are  
sane. The world has gone batty  
and nations are catty, they're  
filled with a rancor intense; and  
now it's the duty of every galooty  
to set an example of sense." The  
oracle's pleading, but little we're  
heeding, we're mulling around in  
our tracks; the oracle thunders  
and shows us our blunders, and  
begs us to get down to tasks. And  
still we are spilling and kicking  
the ceiling, and cussing and rant-  
ing around, and wildly cavorting  
and whooping and snorting, and  
pawing up acres of ground. The  
welkin is shaking from noise we  
are making; we've dented it up  
with our roars; the times will be  
dizzy until we get busy, get back  
to our usual chores.

home from the navy. The even-  
ing was spent with games and  
music and refreshments were  
served. The young man has just  
received his honorable discharge,  
having been in the service since  
May, 1917. He has made four  
trips to France and one to Liver-

many interesting things but none  
interested him so much as his trip  
home.

## REPORTED MISSING

E. E. Meredith, Owner of Gregory  
Ranch, Missing Since Sept. 26  
—Relatives Institute Search—  
Other News Notes from White  
Hall and Vicinity.

White Hall, Oct. 17.—A vigor-  
ous search has been instituted  
about the Gregory ranch and vi-  
cinity for the ranch owner, E. E.  
Meredith, reported in press dis-  
patches from Monmouth, Illinois,  
Monday as having been missed  
since September 26. Mr. Meredith  
acquired the ranch from W. D.  
Fairbanks about two years ago,  
and has been in charge of it about  
a year. It comprises 2,000 acres,  
and is located seven miles south-  
east of White Hall. His family  
remained at the home in Mon-  
mouth, and it is said that Mr.  
Meredith never allowed more than  
three days to elapse without writ-  
ing his family, and failing to hear  
from him for nearly three weeks.  
F. A. Strickler, president of the  
Commercial Trust and Savings  
Bank of Lomax, Illinois, a brother-  
in-law of the missing man, ar-  
rived here Tuesday in company  
with Meredith's late in company  
from Monmouth, and it was learned  
that Meredith had phoned a telegram  
to the local telegraph office short-  
ly before noon on September 27,  
the manager positively identifying  
the voice. This convinced the  
searchers that the missing man is  
to be found about the ranch, and  
searching parties have been at  
work for two days. It developed  
that a former tenant, George  
Strickler, was the last person seen  
with Meredith late in the day of  
the 27th. Strickler is now sup-  
posed to be near Beardstown, and  
the search has been suspended  
pending an examination of  
Strickler. Mr. Meredith is well  
known as a real estate operator in  
Illinois and Iowa, and his disap-  
pearance has attracted wide at-  
tention. He is 46 years of age,  
dark complexion, dark brown  
eyes, black hair with a touch of  
gray, weighs 140 to 150 pounds  
and is 5 feet, 5 inches in height.  
On arriving here Tuesday Mr.  
Strickler conferred with Mr.  
Meredith's attorney at Monmouth  
by telephone, and then announced  
that a reward of five hundred  
dollars will be paid for informa-  
tion that will lead to the location  
of the missing man. While in  
White Hall, Mr. Meredith made  
his headquarters at the office of  
H. S. Greer.

First Board Chosen  
The first board of education for  
the new community high school  
district was chosen Wednesday  
from a large list of candidates  
submitted at an election called by  
the county superintendent of  
schools. The vote was very light,  
totaling 212, and the following  
were chosen: Louis Lowenstein,  
Marcus North, W. L. Winn, J. H.  
Fox, Norman Davis. This board  
will proceed with plans and esti-  
mates for the new structure and a  
site, and this will form the basis  
for a bond issue of at least \$100,-  
000 to be submitted at an election  
to be called as soon as possible.  
The plans will provide for an  
elaborate agricultural course  
along lines laid down by the U. S.  
department of agriculture, and  
the instructor will be appointed  
by the department, he to serve as  
an advisor to the farmers of the  
community as well as instructor  
to the class in agriculture. There  
will also be provided a course in  
ceramics, by which it is proposed  
to make an exhaustive study and  
test of the various clays of this  
vicinity, believed to be adapted to  
a higher grade of products than  
stoneware, sewer pipe and drain  
tile.

The output of the drain tile de-  
partment of the White Hall Sewer  
Pipe & Stoneware Co. is to be in-  
creased by the erection of the  
eighth kiln.  
C. A. Buckel, proprietor of the  
White Hall Pottery Works, has  
been investigating the demands for  
clay for molding purposes in  
schools on account of the small  
orders that have come to his  
plant. He finds that he has a  
quality of clay that is ideally  
adapted for this purpose, and may  
push the business as a side line.

I will not be responsible for  
any bills contracted by any one  
other than myself. C. D. Meade.

BIG DAY OF INSTITUTE AT WAVERLY TODAY

Largest Crowds of Session Anticipated—Football Game Will be Feature of Afternoon—Tractor Demonstration This Morning.

Interest in the Morgan County Farmers' Institute at Waverly continued high at the second day of the program yesterday. The judges of the premium list had not made the various awards up to a late hour last night, but will announce them late today, it was stated.

The tractor demonstration also remained unfinished yesterday and will be continued this morning.

The program Friday included fine lectures in the afternoon by Professors Allen and Dungen of the University of Illinois, and in the evening by Miss Margaret Brooke and Rev. Kruel of Monticello.

This afternoon the program will include an athletic event of more than usual interest in which it is hoped that Morgan county will be able to again show her usual supremacy. The event referred to is the football contest between Waverly and Winchester, which will be held at Waverly at 2:30 o'clock. Waverly has met teams representing Pittsfield, Diverson, and Carrollton this season and has so far defeated all comers. The Waverly players are not over-confident of the result of this afternoon's game but are counting on having the big end of the score when the final whistle blows. The following men will appear in the Waverly line-up: Harrison, c; Preston and Taylor, g; Burnett and M. Woods, tackle; McKee and Arnold, ends; John Knight, quarterback; Redfern, left half back; Jarrett, right half back; William Knight, full back.

Today is expected to be the big day of the Institute and the largest crowd of the three days session is anticipated. The program will be of the best, the final awards on the various premiums will be announced and the big athletic contest of the afternoon as well as the finish of the tractor demonstration in the forenoon should attract hundreds of Morgan county people to Waverly today.

VISITOR FROM NEBRASKA

Miss Ella K. Morrison of Lincoln, Neb., is a guest at the home of her aunt, Mrs. Ensley Moore. Miss Morrison has lately returned from more than a year's Y. W. C. A. service in France. Her desire to enter some phase of war work was not surprising, for the history of her ancestors gives proof of their patriotism.

The family on her mother's side was represented in the wars of the Revolution, and of 1812, and strongly supported the Union cause in the days of 1861-65. On her father's side there were representatives in the Revolutionary war and that of 1812, and her father, John T. Morrison, served with distinction in the Civil war. A brother was in the Spanish-American war. Miss Morrison's own active interest in the world war was a matter of logical sequence. Many of the older residents of Jacksonville are familiar with the Morrison family history, for several members of the family were long residents here.

L. W. C. FOUNDERS MEMORY HONORED

IMPRESSIVE PROGRAM CARRIED OUT FRIDAY.

Rev. E. L. Pletcher Made Address Pointing to Present Day Debt to Pioneers—Mrs. Lambert Presented Notable Historical Paper.

Founders' Day was observed appropriately at the Woman's college Friday, in accordance with the custom established a number of years ago. President Harker presided and made a brief address. The program included an address by Rev. E. L. Pletcher, a historical paper by Mrs. Belle Short Lambert and a number of musical selections. The program concluded with the singing of the college song. The remainder of the day was observed as a holiday, the students engaging in varied programs of entertainment.

The detailed program for this occasion was as follows:

Organ Solo, Vision—Bibi Director Henry Ward Pearson.

"Star Spangled Banner"—No. 277 The Doxology, Creed, Gloria, Scripture Selections.

Hymn, "Faith of Our Fathers"—No. 117.

Prayer.

Vocal Solo "Ave Maria"—Gounod Miss Rena Lazelle.

Accompanied by—Miss Robinson, Piano. Miss Moore, Violin. Mr. Pearson, Organ.

Founders' Day Address—Rev. E. L. Pletcher, Supl. of the Jacksonville District.

Historical Paper, "President Jaquess, the First President of The College (and His Eminent Service in the Civil War)—Mrs. Belle Short Lambert, '73.

Brief Address—President Harker. The College Song.

The observance of Founders' Day has a deeper significance from year to year and ever the more familiar with the college and its work have come thru these observances to realize anew the richness of college history. In connection with his brief address yesterday, Dr. Harker gave a summary of college goals—that is, dating back to 1910 and looking forward from 1910. He summarized the facts in this way:

The Woman's College Goals

In 1900 the college had an appraised valuation of \$100,000. It set a goal of \$100,000 more and reached that goal of a quarter of a million by 1905.

In 1906 it set its goal for half a million, and reached that goal by 1913.

In 1913, it set its goal for \$600,000 and reached it by 1916.

In 1917 it set its goal for one million. It has now, 1919, reached the \$700,000 mark.

And now, on Founders' Day, 1919, the college lifts up its eyes to the hills, from whence its help comes, and in the light of its past history, full of devoted service and sacrifice of its present high standards, its nationwide reputation, and its unparalleled opportunity, trusting in God for guidance and direction, support, we set our goal at a total college valuation of Two Million Dollars; one million, two hundred and fifty thousand for endowment, and seven hundred fifty thousand for buildings and equipment.

And until we reach this goal, we need, and will set ourselves to secure, in gifts for current support, from \$2,000 to \$30,000 a year.

I summon trustees, faculty, students and friends to a steady forward march to this new goal of Two Million Dollars.

It can be reached by the eightieth anniversary of the college in 1926.

Rev. Mr. Pletcher in the Founders' Day address turned back the pages of history and pointed to the spirit of service and self-sacrifice that actuated the men and women responsible for the building of the institution. He said in part:

Some War History.

Mrs. Belle Short Lambert presented a paper of remarkable historical value on "President Jaquess, the First President of the College, and his Eminent Service in the Civil War." Mrs. Lambert did not deal with college history but with the special activities of Dr. Jaquess in the Civil war period. This was several years after his term as president of the Woman's college. He went from this city to serve the college at Quincy, Illinois, a few years afterward that he entered the war, organizing a regiment of which he was colonel. This was known as "The Preacher's Regiment," and the history of the war shows that the number of 1,000 was depleted to 300, with half of those men wounded or in shattered health.

The most notable feature in Dr. Jaquess' war record was a secret mission he planned to Richmond, where he proposed to interview Jefferson Davis and call upon him in the name of God and humanity to end the war. In the face of many discouragements and much opposition Col. Jaquess obtained permission to make this expedition. History shows that he and his companion, Mr. Gilmore, were courteously received by Jefferson Davis and the southern leaders. The statements made at that time by Mr. Davis and thence conveyed to Washington and given publication, are credited with turning the tide in favor of President Lincoln and bringing about his re-election.

Col. Jaquess while a minister in Springfield was personally known to President Lincoln and voiced his appreciation of Col. Jaquess' strength and worth.

Looking Backward

It is indeed a very happy thought of Dr. Harker's that Founders' Day should be observed. We can well fancy the autumn returned the Methodist ministers, who had been at Paris, Ill., from conference had just been taken, looking forward to the establishment of the Illinois Woman's College. In a few days afterwards,

Peter Cartwright probably rode over from Pleasant Plains, his home, and with Peter Akers and other ministers and some local laymen they met in the little Methodist church on East State street and here organized looking forward to the beginning of the work entrusted to them. We have no record of the salary these men received, or that they were even paid anything whatever.

I wonder if they were paid.

Mr. Bryan once remarked that he had noticed that those who rendered the best service to humanity had been so busy with the work they were doing that they had no time to collect their salary and that on the other hand those who received often the greatest money returns, were so busy collecting their salary that they had no time to render the service they should. The Founders of the Illinois Woman's College probably belonged to the former class. Today we come to pay our tribute to them but we can never pay the debt we owe them, for what they did for Jacksonville, the world or the individuals who have gone out from this school. This address like "All Gaul" shall be divided into three parts.

Founders Looked to Future

The Founders launched an idea. It was not a new idea but it contained some vital principles, in regard to the higher education of women. They looked forward beyond mere mental development to the idea of that moral and social development which alone comes from truly cultured womanhood. As there are three dimensions in mathematics, so these men sought to develop the three dimensions of character, adding to length of days, breadth of character and height and depth of soul life.

The idea they launched had vitality. To survive, an idea must be able to endure the vicissitudes that befall it. This institution has had its share of misfortunes, fires, lack of support, and the many trials and tribulations of every struggling college. Then it must have the adaptability, that is the ability to suit itself to the changing conditions thru which the Illinois Woman's College has passed in its history of almost three quarters of a century.

This idea of the Woman's College has been a growing idea. It is interesting to note the growth of any great idea, for example the growth of the idea of Democracy as found in the Government of the United States. How this college has grown and steadily pushed forward! It is said that at certain seasons when the moon is full and the late night foggy, in the early morning a strange horseman rides to the door of the college and as he ties his phantom steed other forms approach and they walk about the grounds and comment on its growth and beauty.

College Will Do Great Work

Finally one of the visitors speaks and says: "Well, Peter, this is a fine college which we built" and with the first sounds of morning the misty forms of Peter Cartwright and his founders vanish from sight. It is not to assume the role of prophet but we are sure of this, the college will never expect to be a large college in numbers and great equipment, but we are sure of this, that it will be a very fine college, fine in the sense of the work accomplished and also in the fine qualities of character which will be produced within its walls and go forth to bless the world.

Let us study the character of its founders. They were men from the east, bringing its best traditions and culture, and with them were men from the sunny south with its chivalry and regard for womanhood. These men put their character into the college they founded. Theodore Roosevelt said, that when confronted with great questions of public policy, he often looked to the portrait of Abraham Lincoln which hung above his desk and asked the question "What would he do under like circumstances?" So we look back to those early days and ask, who would those men do today? We are sure of this. They would stand for all that is best in our present educational system and also push forward to the attainment of the highest and richest in the things to be attained in the days to come.

Organ Recital.

The exercises of Founder's day at the Illinois Woman's college in its annual observance were brought to a close, for the year 1919, by the organ recital by Mr. Pearson.

A large and appreciative audience greeted him on this, the occasion of his first recital offering since he assumed the directorship of the College of Music. He had already been announced as a distinct addition to the musical circles of Jacksonville and surely no one who heard him play yesterday evening could discount the claims made for him. Throughout the varied program he satisfied the audience. The program, which was published at length yesterday, represented all schools of organ composition except the modern French and called for quick accurate work of stops, pedals and manuals; a particularly pleasing feature of Mr. Pearson's work is his registrations which are very free, from a robust mixture. The quick contrasts and clear attack in this part of his work were especially noteworthy. The many varied rhythms were clear, his tempi stately and unwavering, and his phrasing a delight.

His audience expressed increasing delight as the program progressed and applause was spontaneous and prolonged.

The public will await any other public work of Mr. Pearson with keen anticipation.

BLUFFS HOME-COMING PROVES BIG SUCCESS

Parade in Which Over 200 Ex-Service Men March is One of the Features of the Day—Celebration Will Continue Today.

Bluffs, October 17.—The first day of the Home-coming for returned soldiers was a big success in every particular. The main address was given by Rev. A. F. Ewert of White Hall, Rev. Ewert was in France in service during the war and was heard with close interest. An air plane from Griggsville established a landing field in the Henry Oakes pasture north of the city and took many citizens for rides.

The parade was one of the features. Over two hundred world war veterans were in the line of march, all in uniform. Eight floats also were in line. But four civil war veterans were in the parade and they were in an automobile. There also were two Spanish-American war veterans. Dinner was served in a large tent just east of the city bakery on Main street. The Home-coming is one of the biggest events ever held in Bluffs.

Saturday's Program.

Another big crowd is anticipated Saturday when the following program will be given during the afternoon and evening:

2 p. m.—Music by Band.

2:30 p. m.—Community singing.

3 p. m.—Speaking by local speakers.

4 p. m.—School parade.

5 p. m.—Supper.

7 p. m.—Music by Band.

8 to 12 p. m.—Picture show, vaudeville and dance.

Deaths

Hamilton.

John Hamilton, a resident of Chapin died at the Soldiers home in Quincy at 8:00 o'clock Friday morning. Deceased was 79 years of age and was born and his entire life had been spent in Chapin and vicinity, where he followed the occupation of farming. He went to the home about three weeks ago.

Mr. Hamilton was a charter member of Bethel lodge of Chapin joining the order in 1849. He is survived by his widow three brothers, and two sisters and three daughters, Mrs. William Edelbrock of Jacksonville and Mrs. Belle Pratt of Catlin. Funeral services will be held from the residence in Chapin at 1 o'clock this afternoon in charge of Bethel lodge I. O. O. F.

A large and appreciative audience greeted him on this, the occasion of his first recital offering since he assumed the directorship of the College of Music. He had already been announced as a distinct addition to the musical circles of Jacksonville and surely no one who heard him play yesterday evening could discount the claims made for him. TEACHERS FAVOR SMITH-TOWNER BILL

Morgan County Teachers in Session at Institute Friday go on Record as Favoring Measure—Good Programs Heard at David Prince Building.

The Morgan County Teachers' Institute held at David Prince Auditorium Friday was a decided success from every standpoint. There was an exceptionally large attendance of the teachers of the city and the county schools and the fine program amply rewarded them for their attendance at the morning and the afternoon sessions. The program as printed in the Journal a few days ago was carried out in detail. Besides the teachers of the city and county schools present, there were a number of instructors from the School for the Blind and from the institution from the Deaf and Dumb in attendance.

The teachers went on record as favoring a commissioner of education in the President's cabinet and as favoring the Smith-Towner bill.

At the business meeting Miss Anna English was elected secretary to succeed Miss Miriam Kenyon, who recently resigned.

WINCHESTER

Winchester, October 17.—C. W. Taylor of Virden was a business visitor here this week.

Miss Reba Ritchie was able to be down today for the first time in six weeks. She is still unable to use her left arm. It will be remembered that Miss Ritchie was one of a party in the Parks automobile when it was struck by a Burlington passenger train near Winchester some weeks ago.

Quite a number from Winchester attended the Home-coming in Bluffs, Friday.

Coroner Thomas Webster was called to Bluffs Friday noon to investigate the death of Harry B. Nelson, who died there suddenly. The jury composed of Charles A. Evans, M. D., Berry G. Frasey, Lafayette Six, Daniel Harvey, Edward F. Schaefer, and J. J. Overton, agreed that death was due to apoplexy. The deceased was 66 years of age.

Mrs. John Brown is seriously ill at her home on West Cross street. She is suffering from the third stroke of paralysis.

The Winchester Driving Club's racing matinee which was postponed last Thursday on account of the weather, will be given Saturday afternoon.

Dr. William Winwright of Alton is visiting relatives here.

"TOO many cooks spoil the broth" is a saying that is as true as it is old. Applied to underwear, it means that too many buttons spoil the suit. In the

HATCH ONE BUTTON UNION SUIT

there is just one master button at the chest that does it all. With it you get the perfect fit and comfort you have sought so long.

With it, too, you save somebody's time and trouble in keeping in repair the nine or more buttons and button holes, for, even in the better made union suits, careless laundering or ordinary wear and tear have their effects.

We have this superior garment in weights, materials and prices to suit every temperament and purse.

## ILLINOIS COLLEGE TRAMPS ON NORMAL

Blue and White Team Overwhelms Visitors by Score of 25 to 0—Harmon's Men Play Sterling Ball—Normal Badly Crippled at Close.

Harmon's Illinois College football squad trampled on Illinois Normal on Illinois field Friday afternoon, the final score being 25 to 0. The score, however, does not show the difference in the class of the teams, as Illinois probably would have run up a large score with the regular line-men working.

Coach Harmon opened his bag of tricks and displayed a few of his wares to Normal. The visitors did not appreciate them in the least for they were outgassed at nearly every turn.

Illinois displayed much improved form over her last home appearance against Lombard. The McKendree game and the intervening workouts have made almost a new team out of the Blue and White Squad.

The men are playing almost as a unit now and the interference was excellent. The man carrying the ball also had the faculty of picking the holes and to keep going until they were downed. During the last part of the game Coach Harmon injected nearly his entire second team into the fray. They were also able to gain against Normal and also stopped the visitors' plays.

Cully, who acted as captain, Locke, Ferreira and Mutch starred on the offense. These men carried the ball when called upon and seldom failed to make the desired gain. Fanning, Curren, Mackey and Mellon did excellent work in the line and Tomlinson easily outplayed Adams at center.

Normal had a team that looked heavier than Illinois. However, they only had one man who could gain consistently and that was Fiedler. This player was a star on both offense and defense and played a brilliant game until he was compelled to leave the game in the fourth period because of a broken nose. One of the Normal players was banished from the game for using profane language.

First Period.

Normal kicked to Illinois and the ball was carried back ten yards. Illinois with Locke and Cully carrying the ball made two first downs and was then forced to kick.

Normal took the ball and made a determined attack on the line and made three first downs before Illinois braced and held the ball went over. Illinois had worked the ball to the three yard line when time was called for the first quarter.

Second Period.

With the ball on the three yard line Locke took it over on a cross buck. Illinois missed the goal. Score Illinois 6, Normal 0.

During the remainder of the period the ball passed over several times neither team seeming to have the necessary punch. The period ended with the ball in Illinois' possession on Lombard's 12 yard line.

Third Period.

Illinois kicked to Normal at the beginning of the third period. Normal was unable to gain and kicked. Illinois carried the ball to Normal's ten yard line. Here the visiting line braced and took the ball on downs.

Normal immediately kicked and Ferreira carried the ball back ten yards before being downed. Illinois made two yards thru the line and then Cully skirted the end and ran fifteen yards for a touchdown. Tomlinson failed at the try for goal. Score Illinois 12, Normal 0.

Toward the close of the period Normal intercepted a forward pass and gained possession of the ball.

Fourth Period.

Normal tried the line and could not gain and kicked to Illinois. On the first play Cully broke thru tackle and ran 25 yards for a touchdown. The touchdown was not allowed and the ball was put in play by Illinois on the 22 yard line.

Illinois made first down and then Locke put the ball on the two yard line. On the next play Cully carried the ball over for a touchdown. The try at goal missed. Score Illinois 18, Normal 0.

Normal kicked to Illinois and Mackey recovered the ball after it had been fumbled. After making two first downs Illinois fumbled.

led and then kicked. Normal kicked and Illinois took the ball and marched steadily down the field and Ferreira went over for a touchdown. Locke kicked goal. Score, Illinois 25; Normal 0. Just before the final whistle Illinois fumbled and Normal recovered the ball and it was in her possession when the whistle blew. The lineup.

## JAMES CRAIG HERE TO MEET ROTARIANS

District Governor Came From Chicago Friday For Conference—Club Had Dinner at the Pacific.

James Craig of Chicago, district governor of Rotary clubs, was in Jacksonville yesterday and addressed the local club at a dinner given at 6:30 o'clock at the Pacific hotel. Mr. Craig, who is identified with a large Chicago concern, is devoting much of his time to his duties as district Rotary club governor, his territory including all the state of Illinois. There are now 26 clubs within the state and 22 more applications have been received where clubs are in the process of formation.

In his address last night Mr. Craig gave something of the history of the Rotary international organization which now includes 533 clubs with a membership of 45,000. His address was of an informal kind and mainly a discussion of Rotary club work in various cities. The whole Rotary club movement consists about the club slogan, "He profits most who serves best," and that slogan was the text of the address that Mr. Craig gave last night.

An inter-city Rotary club convention is to be held in Quincy October 28, and one on a larger scale in Springfield in January. The international convention will be held at Atlantic City next June.

ERNEST WOOD IS SHOT IN LEFT EYE

Brother Accidentally Discharges Small Rifle, Ball Entering the Left Eye—Surgeons Hope to Save Eye.

While Ernest Wood, aged 11 years, and his younger brother were playing with a 22 caliber rifle at the family home near Pisgah, the weapon was accidentally discharged, the ball entering Ernest Woods left eye. The injured boy was brought to this city and Dr. Duncan and Dr. Chapin summoned. An X-ray was taken of the injury and disclosed the bullet back of the eyeball. The surgeons hope to save the eye.

The rifle which the boys were playing was an old one and so far as known was not loaded. There either was a cartridge in the rifle or the boys found one and inserted it and the gun was accidentally discharged.

MRS. HENRY WAX CUTS OFF FINGER

Severs Index Finger of Left Hand at Second Joint—Was Cutting Corn for Chickens With a Corn Knife.

Mrs. Henry Wax, residing on the Groves farm northwest of the city, accidentally cut off the index finger of her left hand at the second joint with a corn knife Friday afternoon.

Mrs. Wax was engaged in cutting ears of corn for her chickens. She was holding an ear of corn with her left hand. When she struck the ear the corn knife hit the index finger of the left hand completely severing it from the hand.

Mrs. Wax was attended by Dr. A. M. King who gave the necessary surgical attention. The injury is a painful one and will deprive Mrs. Wax of the use of her hand for several weeks.

## NO PLANS YET MADE FOR ARMISTICE DAY

Next Few Days May Bring Official Consideration—Many Cities Preparing to Observe New National Holiday.

How Jacksonville will observe Armistice Day, Tuesday, Nov. 11, is being discussed in some circles, but has received no official consideration. Almost universally the day is to be recognized by special programs of many sorts and the next few days may bring local developments.

Many cities have already made plans for celebrating Armistice Day. Parades, pageants, concerts, dances, athletic and civic and neighborhood dinners are among the community celebrations that have been suggested. Returned service men and newly made citizens, both aliens who become naturalized and native born who reach 21 during the year, should be given special recognition, it is said.

A parade with the veterans of all the wars in line, the mothers of service men and war workers of all organizations is proposed. In some cities the day is to observe the demobilization of service flags and the dedication of municipal flags.

One of the most popular suggestions is that of a League of Neighbors dinner. By this plan families of hundreds of neighborhoods would unite in small groups for dinner in honor of the men who served from the families represented. These would be strictly neighborhood affairs.

Community sings, club parties, box socials, public dances, special movie shows or dramatic exhibits and municipal bonfires are some of the other suggestions.

November 11 is destined to become a national holiday and Jacksonville is sure to fall in line with other cities to celebrate the date with due significance.

SEEK CONTRIBUTIONS FOR MEMORIAL FUND

Many Local People Have Interest in Roosevelt Memorial Association—State Auditor Russell, District Chairman—Attorney Reeve, County Chairman.

While no formal organization has been effected in this county, it is expected that many people here will show an interest in the Roosevelt memorial association. The purpose of this association is to provide funds for a suitable memorial in honor of the former president and to carry the project to completion. In the churches of Morgan county tomorrow, ministers will call attention to the formation of the association and what are its purposes. Andrew Russell is the chairman for this district and John J. Reeve is the county chairman.

As indicated, it is not the purpose to have an extensive organized effort for securing funds in this county, but the project is to be brought to the attention of the people and subscriptions will be wholly of a voluntary kind. All the banks in Morgan county are authorized to receive subscriptions. The period from October 20 to October 27 has been set aside as a special eight day campaign, and admirers of the former president who wish to take part in the memorial project are asked to leave their subscriptions at any bank. The subscription may be of any size from \$1 upward. It is proposed to raise by this country-wide campaign a monument fund of \$10,000,000 so it is easy to understand that some generous subscriptions are expected.

AUTO TIRE CHAINS ARE NOT NEEDED

A reliable citizen of Jacksonville (name on request) on Sunday, Sept. 28, drove NINETY MILES through continuous rain and mud WITHOUT CHAINS, but he did have a pair of PENNSYLVANIA VACUUM CUP TIRES on car's rear wheels, taking the place of tire chains. He said that another well known car, with four chains on, could not keep up with him.

## WRIT AGAINST UNION TO BE ISSUED TODAY

Illinois Steel Bridge Company Given Injunction Against Local 298, Bridge, Structural and Ornamental Iron Workers.

An injunction, slightly modified from that which was filed in the Morgan county circuit court Wednesday by officials of the Illinois Steel Bridge company, against Local Union 298, Bridge, Structural and Ornamental Iron Workers, was granted yesterday at Carlinville by Judge E. S. Smith.

This morning a writ will be issued by Morgan County Circuit Clerk Boston upon an order from Judge Smith restraining the members of the union from doing any picketing at the plant.

The injunction granted is a restraining measure against interference of any nature with business or employees of the local bridge company.

Several members of the union accompanied their attorney, J. O. Priest, to Carlinville yesterday and the Bridge company was represented at the hearing by Attorneys Wilson and Butler and T. A. Chapin.

The injunction was issued practically as prayer for. Attorneys for the company in one clause of the bill, sought to prevent the union men from visiting the homes of the employees of the plant and urging them to join the union. This clause was changed by the Judge Smith to read "to visit them against their will."

A Statement.

To the Members of the International Bridge, Structural and Iron Workers, Local No. 298.

Dear Mr. Editor:

Will you state for me, as the attorney for the labor union above mentioned, that in regard to the injunction issued by Judge E. S. Smith at Carlinville this day, concerning the controversy at the Illinois Steel Bridge Company, I would advise all the members of that labor union strictly to comply with and obey the injunction in its entirety.

It will be noted by the reading of the injunction that Judge Smith did not enjoin nor prohibit the defendants in the suit in the controversy above mentioned, nor any other persons, from soliciting and lawfully persuading working men in Jacksonville to become members of their labor union, and under that injunction they have a right to use all means of lawful persuasion to induce laboring men to join their order. It is not unlawful in Illinois, but highly commendable, for working men and women to belong to labor unions.

Respectfully yours,

J. O. PRIEST.

MRS. JOHN R. HENRY DIED FRIDAY NIGHT

Well Known Woodson Woman Passed Away After Long Illness—Was Sister of Mrs. T. M. Tomlinson and Mrs. Mary Dunlap.

Mrs. John R. Henry died at her home in Woodson Friday night at 8:30 o'clock. She had been in failing health for several months.

Deceased before her marriage was Miss Clara Marsh, daughter of the late John N. Marsh, for many years one of the city's prominent residents. She grew to womanhood here and was united in marriage to John R. Henry who survives.

She also leaves two daughters, Mrs. Jerome Culp of Jacksonville and Mrs. Wilbur Kitchner of Lamar, Mo., and two sons, Howard Henry of Woodson, and Oliver M. Henry of Dalton. There are also four sisters, Mrs. Mary Dunlap, and Mrs. T. M. Tomlinson of this city, Mrs. George Quintal of Bluffs, Mrs. J. T. Anderson of Los Angeles, Calif., and two brothers, Charles Marsh of Minneapolis, Minn., and Fred Marsh of Decatur.

Mrs. Henry was a member of Woodson Christian church and was always active in church work so long as her health permitted. She was a woman highly regarded in her home community.

No arrangements have been made for the funeral.

**THE COLORED MAN IN THE SOUTH**

Journalist Observes Conditions in State of Mississippi.

While in Mississippi the writer took occasion to converse with a number of persons regarding the condition of the colored man in the south. A leading citizen said:

We have to keep the black man down and not allow him to vote. He so far outnumbers us he would take everything in sight. We can't let him vote for president for that would open the way for a vote for the other officers. We will give him a chance to work all right; some schooling and treat him fairly. He works pretty well but is not reliable and when his stomach is full he is independent."

A leading colored man said: "The colored man has little opportunity here. To be sure right here we may have our own doctors, lawyers and teachers and we have fairly good schools in Vicksburg but thruout the state they are very poor. We have plenty of employment at tolerably good wages but there is no great inducement to acquire real estate. It may be done but if a white man wants the property the colored owner is almost sure to receive a notice that some other locality would be better for his health. Even in Vicksburg this has happened several times. There is no objection to the colored man working and putting money in the bank but he must severely keep his place. Equality is the one horror of the whites of the south out very few ever have the chance to be more than mere colored laborers."

"Once a woman was assaulted by a colored man. She positively identified a colored man as her assailant till it was proven that the man was in jail at the time. Then another was declared guilty and lynched but he was not the one."

"Once an old man had some attractive daughters and some white men approached the house to get possession of the girls. The old man met them and asked their errand, being told remonstrated whereupon they shot at him but missed; he returned the fire and hit and for that he was lynched promptly."

In a Memphis paper the statement was made that many colored women were registering in anticipation of the coming election but nothing was said regarding the subject of their voting.

## How Much Tobacco Will My Heart Stand

A Question Vital to Every Man Who Smokes or Chews

IT MAY COST A PRECIOUS LIFE TO FIND OUT BY EXPERIMENT

The heart of every user of tobacco bears a double burden. It does its allotted task and then fights nicotine for supremacy. As long as the heart wins he lives; when it loses he dies, but before the final victory of nicotine you pass through many stages of decline and decay and suffer many pains. Hearts are like human beings—some are stronger than others, therefore some hearts will stand more tobacco than others, but there is a limit to what any heart can stand. The man who puts this additional strain on his heart a dozen times a day by smoking cigarettes, a pipe or cigars—or chewing tobacco—is taking a madman's chance with health and life to lose and nothing to win but the chance that he may not lose them. He is indulging in a costly habit at the expense of precious health. Ask any doctor anywhere, and he will tell you that using tobacco is injurious and that it is far better to quit the habit than to experiment to find how much tobacco your heart will stand without serious results.

But the thought of quitting is unpleasant to most—even to those who know that tobacco injures them—and to really quit takes more will power than they have and causes more suffering than they can voluntarily endure. To quit the habit make it easy for yourself by getting Nicotol

tablets and taking them as directed. The habit really quits you and its departure is a pleasure equal to its indulgence.

If you want to know how much easier it is to quit the habit with Nicotol than without it, go twenty-four hours without tobacco and note what an effort it costs you, then begin using it as usual and take Nicotol tablets. At the end of a week discontinue smoking or chewing for a day and it is probable you will have no desire to resume. At least your desire will be greatly diminished and another week or two should make it not only possible, but a pleasure, to quit.

Note: Dr. Connor, formerly of Johns Hopkins Hospital, under whose advice Nicotol has often been used said when the statement was shown to him: "I have known Nicotol to conquer the tobacco habit in less than ten days' time and I can therefore recommend it highly." When the doctors' statement was shown to one of our leading druggists he said: "Nicotol is truly a wonderful remedy for the tobacco habit, way ahead of anything we have ever sold before. We are authorized by the manufacturers to refund the money to every dissatisfied customer and we would not permit the use of our name unless the remedy possessed unusual merit." Nicotol is sold in this city under an iron-clad money-back guarantee by all up-to-date druggists, including Armstrong's Drug Store.—Adv.

## TO FARMER'S CLUB MEMBERS.

County Agent Kendall has issued the following letter to members:

### Membership Campaign.

The Executive Committee of the Morgan County Farmers Club, has asked the members of the Advisory Council to meet in joint session with the Executive Committee at 2:30 p. m., Monday Oct. 20th for the purpose of discussing the advisability of having a joint membership campaign for the Illinois Agricultural Association and the Morgan County Farmers Club. If the members of the county organization think favorably of the plan the state association will send a corps of organizers to assist in the campaign. In carrying on a joint campaign every farmer in the county is invited to become a member of both organizations. If the recent fall of prices of farm products has caused you to see the necessity of a larger organization of farmers for the purpose of getting a square deal, call up the member of the Advisory Council living in your township and tell him what you think of a joint membership campaign.

### New Seed Law.

A pure seed law was passed at the last session of the Illinois Legislature. The aim of this law is to prevent the sale of noxious weed seed to Illinois farmers. Farmers and seed men alike are subject to its limitations. There is nothing in the law to prevent the sale of clean seed from one farmer to another, but the seller must be sure that the seed is clean. The state of Illinois has a seed analyst who will examine samples of seed sent to him and report whether they are fit for sale. Each farmer may have five samples of seed analyzed each year without charge. For more than 5 samples a small charge is made. If you wish further information concerning this law or assistance in getting seeds analyzed, bring in your samples.

### European Corn Borer.

There is a slight possibility that the European corn borer, may have been introduced into this state, and if such is the case it is of the highest importance that we know of this infestation before it has a chance to spread. During corn-shucking every farmer is urged to be on lookout for this insect, and if ears of corn or corn stalks are found containing borers, any one finding them is especially requested to send samples of the same to the Natural History Survey, Urbana. If the corn-borer should be found in some area, it might be possible to stamp it out before it becomes well-established.—W. P. Flint.

### Hessian Fly.

It pays to avoid the Hessian Fly. Advisor Tate tells the story of a farmer on the Mississippi Bottoms in Monroe County who is exceptionally well informed on the Hessian Fly. From his own study of bulletins and observations in the fields he knows when the fly is laying its eggs and when the danger is over. In 1915 he saved fully \$2,000 by having complete knowledge of the Hessian Fly. He says he planted a field of wheat when the weather was quite warm. This wheat came up soon and upon going into the field he noticed that it was full of Hessian flies that were laying eggs on the plants. At that time he was still seeding more wheat. He told his men to stop seeding immediately and the wheat which had already been sown was double-diced in order to kill it. Every day after that he watched the flies in the field. At the end of 10 days he began no longer find them so he began sowing wheat again. Every one else had finished about 2 weeks before. This farmer threshed over 2,000 bushels of wheat that year (some of it making over forty bushels per acre) while the crop in general in the county was a failure many of the farmers not getting more than five bushels per acre.

### Balanced Rations.

The value of a balanced ration was markedly demonstrated by an exhibit at the Grundy County Fair. Mr. Longmire reports it as follows: "The director of the swine department in our association showed two pigs at the Fair that he had fed for 100 days. These pigs each weighed practically 50 pounds on June 4. They were purebred, March pigs and in good thrifty condition."

No. 1 was fed in a dry lot on corn in a self-feeder. It was given worm treatment and mineral mixture and plenty of good water. After 110 days it weighed 108 pounds. Counting the corn at \$1.15 a bushel and the pig worth \$10 to start with, and the value of the pig at \$17.50 per hundred at the present time, there was a loss of \$1.15 besides the work in caring for the pig. Pig No. 2 was fed the same length of time and finished with a weight of 225 pounds. This pig was fed on corn, tankage in a self feeder and had the run of a mixed clover pasture. After counting the feed cost and valuing the pig at \$17.50 per hundred, the profit was \$22. This exhibit attracted a good deal of attention at the Fair.

### Culling Poultry.

Now is the time to go over the poultry flock culling out the poor layers. You not only save high price feed but you will insure that it will be consumed by better producing hens thereby increasing the profit. Then too, it makes it possible to save those best and for breeders on account of their superior strength and vitality. Weeding out the poor hens gives those left more room and a better change.

### Cull These Hens.

Sick, weak, lacking vigor, inactive, poor eaters, molted or started to molt, with small, puckered, hard, dry, vents; with small, shriveled, hard, dull-colored combs; with thick or coarse stiff pelvic bones, pelvic bones close together, small spread between pelvic bones and rear end of keel, and full, hard, small abdomen. In breeds with yellow skin and shanks, the discarded hens should also show yellow or medium yellow shanks and yellow beaks and vents.

### Save These Hens.

Healthy, strong, vigorous, alert, and active; good eaters; not molting or just beginning to molt in September or October, with large, moist vents; with large, bright red combs; thin pliable pelvic bones well-spread apart, wide spread between pelvic bones and rear end of keel, and large, soft elastic abdomen. In breeds with yellow skins and shanks the hens saved should also show pale or white shanks, and pale or white beaks and vents.

## CULLING FARM FLOCKS OF POULTRY.

The high prices of all feeds emphasizes the importance of culling the poultry flocks very closely, many a flock harbors many so-called boarders, or individuals that eat more than the value of eggs they produce. The writer spent three days Oct. 13, 14, 15 in Clinton County with the Farm Adviser, we traveled one hundred and forty miles, gave three culling demonstrations daily, instructed the farmer, his wife, sons and daughters how to do it. The daily attendance at these farms averaged seventy five people, and each farm where the demonstration was given, from twelve to forty fowls were culled and the people shown which were laying, which would lay enough eggs in the future to justify their keeping, and those that were not laying, and had not laid, and never would lay again. With but one exception we found about thirty five per cent at each place that went to market as nonproducers of eggs.

We found but three hen houses of these nine places where suitable and proper roosting room and scratch sheds were provided. One of these the owner informed us gave him an income of four dollars per head from the three hundred and fifty white leghorns he kept in 1918. The other had long fourteen foot deep houses properly equipped. His flock consisted of mixed Rhode Island reds and white wandotters and had paid him well. The surprise of the day Wednesday was when we found but three of twenty four

### COMMUNITY COUNCIL HOLDS MEETING

White Hall People Consider Proposal of Employing Community Nurse.

White Hall, October 17.—The White Hall Community Council held another meeting in the Presbyterian church chapel Thursday afternoon to further the proposal of employing a community nurse. The council has two courses to pursue. One is to employ the nurse through the Red Cross direct, and the other is to work through the state hygiene department in co-operation with the Red Cross. Two weeks ago, Miss Mary Wilson addressed the council on behalf of the state hygiene department, of which the director is Dr. East. At Thursday's meeting the talker was Miss McKay of Chicago, field secretary of the Red Cross. At both meetings the council had the presence of Mrs. H. T. Rainey of Carrollton. It is desired to employ both a community health nurse and a school nurse. If the Red Cross plan is adopted all local Red Cross funds will be available for the purpose, and under the state plan only a certain portion of the local Red Cross funds can be used. The plan that is finally adopted in the not far distant future will be the result of intelligent and mature consideration on part of the Community Council.

The annual banquet and roll call of the local lodge of Odd Fellows will be held next Monday night, and the Rebekahs will join in making it a notable affair. Rev. Leo Howard will be toastmaster.

After twenty-one years of continuous service in the army, Lieut. Fred C. Smith has been listed at Jefferson Barracks for one more year. He is attached to the in the meantime building prices will become so adjusted as to enable him to carry out his building projects on his North Main street lots, and then he says he will sure retire from army life for the remainder of his days.

### CONSERVATORY NOTES

## "ONLY ONE THING BREAKS MY COLD!"

"That's Dr. King's New Discovery for fifty years a cold-breaker"

NOTHING but sustained quality and unflinching effectiveness can arouse such enthusiasm. Nothing but sure relief from stubborn colds and onrushes of new ones, grippe, throat-tearing coughs, and croup could have made Dr. King's New Discovery the nationally popular and standard remedy it is today. Fifty years old and always reliable. Good for the whole family. A bottle in the medicine cabinet means a short-lived cold or cough, 60c. and \$1.20. All druggists.

## Stubborn Bowels Tamed

Positive in action, yet natural, comfortable, pleasant, Dr. King's New Life Pills are a boon to bowels that need assistance. They eliminate fermenting waste and put the system in normal shape. All druggists—25c. a bottle.

November 6. A hearty welcome to all.

State Street Presbyterian—William H. Marbach, minister. Most people make an effort to attend church at least on Christmas, Mothers Day, and Easter. This is a fine testimony to a convictions regarding home and heaven, but how much more powerful is that church which presents a solid front for work and worship every Sabbath. Strangers, friends and members are heartily invited to join us in week. Bible study in the Sunday school at 9:30. Morning worship at 10:45. Evening worship at 7:30. People's C. E. service at 6:45 p. m. Evening worship at 7:30 o'clock. Let a man show his faith by his works, by spending at least part of the day in congregational worship. Welcome.

Westminster Presbyterian—Edward B. Landis, pastor. Sunday school at 9:30. A class for everyone, a welcome to all. Morning worship at 10:45. Evening worship at 7:30, with a sermon by the pastor. The chorus choir which has been furnishing some splendid music under the direction of Miss Ainslie Moore will have charge of the music in the morning. The quartet will sing in the evening. The C. E. society will meet at 6:45. Mrs. W. S. Jones is the superintendent. Prayer meeting on Wednesday at 7:30. A cordial welcome is extended to all.

First Church of Christ Scientist—Services are held at 523 West State on Sunday at 11 a. m. and on Wednesday at 8 p. m. Subject: "Doctrine of Home." The Sunday School is held at 9:30 a. m. The reading room is open each week day from 3 to 5 p. m. The public is cordially invited to attend the services and to visit the reading room.

Central Christian Church—M. L. Pontius, minister. Bible school at 9:30 a. m. Morning worship at 10:45 o'clock. The theme of the sermon in the morning will be "The Church in Thy Home" and in the evening at 7:30 service "Through Christ to God." Christian Endeavor services at 6:30 p. m. Leader of the Seniors Miss Katie Vee Clarkson, of the Intermediates, Miss Beatrice Dye and of the Juniors, Russell Cummings. All not worshipping elsewhere are very cordially invited to the services of this church.

Grace Methodist Episcopal Church—Thos. H. Tull, minister. 9:30 a. m. Sunday school. T. V. Hopper, superintendent. 10:45 Public Worship. Theme of sermon "Sunup in Galilee." 6:30 p. m. Epworth League. 7:30 p. m.

## TELL THE WORLD THIS WOMAN SAYS

That Lydia E. Pinkham's Vegetable Compound made Me a Well Woman.

Los Angeles, Cal.—"I suffered with male troubles for years, was sick most of the time, was not able to do my own housework, and I could not get help from doctors. I saw Lydia E. Pinkham's Vegetable Compound advertised in the newspapers, and took six bottles, and am a well woman. You can use my name to tell a world the good your medicine has done me as I shall praise it always." Mrs. A. L. DeVine, 647 St. Paul avenue, Los Angeles, Calif. Women who suffer from any form weakness, as indicated by displacements, inflammation, ulceration, irregularities, backache, headaches, nervousness, or "blue blues," should do as DeVine did, and give Lydia E. Pinkham's Vegetable Compound a rough trial.

The hearts of the veterans have been made very sore by the delays on the monument voted by the people. There was no reason whatever why it should not have been all completed two years ago and again a year ago it was held up by the government officials looking after building material in compliance with law. The various obstacles seem now to be removed and the situation is simply this.

The contractors now know what they can do and what they can depend on. The writer visited them Monday and ascertained all the facts. He also saw what was being done and the progress thus far shows that the monument association made no mistake in their choice of models. A visit to the granite works in Chicago disclosed first some of the very finest granite in the country; pure, without speck or flaw, the two huge blocks are being cut, according to the models prepared by the artist, Mr. Crunelle. The figure of "Patriotism" is simply grand and without a flaw or defect and it is being cut in the granite and next will come the other group which is equally worthy.

The men cutting the granite will have it done during the winter and it will be something of which to be proud. The granite blocks will be shipped directly from the quarries in Georgia to this place as soon as the other work is ready for them. The tall figure of "Columbia" will be cast in bronze also in due season and ground in the spring the whole will be put in place.

The local contractors, Simeon Fernandes & Son, have instructions to go ahead with the foundation as soon as possible so as to be sure to have it in before cold weather and let it be setting. The matter has been delayed but the monument association

Second Baptist Church—Pastor H. H. DeWitt. Sunday services: Sunday is quarterly rally day and all members and friends of the church are urged to be present and make the Endeavor a financial success. At the morning service the pastor will present Christ, the Water of Life.—John 7:37. 2 p. m. Bible school. 3 p. m. Rev. Crockett will preach and the choir of the Emory Baptist church will render special music at this service. At the evening service the organizations working in the interest of the Quarterly Rally will make their reports to Dr. A. H. Kennibrew, secretary of the trustee board. The church choir will render a special musical program.

First Baptist church—Corner State and Church streets. A. A. Todd, pastor. Sunday school 9:30 a. m. Supt. Carl Weber. Are you interested in making a special revival meeting? If so, come and hear the pastor Sunday at 10:45 on the theme: "The Necessary Equipment." Evening message, 7:30 p. m. on "Belshazzar's Feast." B. Y. P. U. 6:30 p. m. Topic: "The Gospel for a Working Man." For list of prayer meetings see Thursday's Courier and Friday's Journal of last week.

Bethel A. M. E. church—J. H. Fisher, pastor. 11 a. m. preaching by the pastor; 2:30 p. m. Sunday school. J. W. Kirk, supt.; 8 p. m. preaching by pastor. Every body cordially invited to all of these services especially members.

Ladies' Aid of Hebron church will serve chicken pie supper Thursday, Oct. 23, commencing at 5 p. m. Proceeds to furnish a room at Passavant hospital. All come.

## AMATEUR MUSICAL CLUB WILL MEET

Waverly Organization Will Meet Monday Afternoon—Waverly News Notes.

Waverly, Oct. 18.—The Amateur Musical club will meet Monday afternoon in the First M. E. church basement. The subject for discussion is Edward McDowell.

## ABOUT THE MONUMENT

The hearts of the veterans have been made very sore by the delays on the monument voted by the people. There was no reason whatever why it should not have been all completed two years ago and again a year ago it was held up by the government officials looking after building material in compliance with law. The various obstacles seem now to be removed and the situation is simply this.

The contractors now know what they can do and what they can depend on. The writer visited them Monday and ascertained all the facts. He also saw what was being done and the progress thus far shows that the monument association made no mistake in their choice of models. A visit to the granite works in Chicago disclosed first some of the very finest granite in the country; pure, without speck or flaw, the two huge blocks are being cut, according to the models prepared by the artist, Mr. Crunelle. The figure of "Patriotism" is simply grand and without a flaw or defect and it is being cut in the granite and next will come the other group which is equally worthy.

The men cutting the granite will have it done during the winter and it will be something of which to be proud. The granite blocks will be shipped directly from the quarries in Georgia to this place as soon as the other work is ready for them. The tall figure of "Columbia" will be cast in bronze also in due season and ground in the spring the whole will be put in place.

The local contractors, Simeon Fernandes & Son, have instructions to go ahead with the foundation as soon as possible so as to be sure to have it in before cold weather and let it be setting. The matter has been delayed but the monument association

was powerless to hasten the work as they were advisory only tho it had been agreed that their wishes should be paramount in the matter.

Mr. Crunelle, the modeling artist, recently completed a fine statue of Gov. Oglesby which is now in a Chicago park, and he also modeled the statue of Gen. Logan in Vicksburg military park and that is regarded a very superior work.

## Gasoline Automobiles Made Into "Steamers"

That's the latest in the motor car world, and dozens of car owners are revealing an unusual interest in Joy Brother's Garage to find out how it is accomplished.

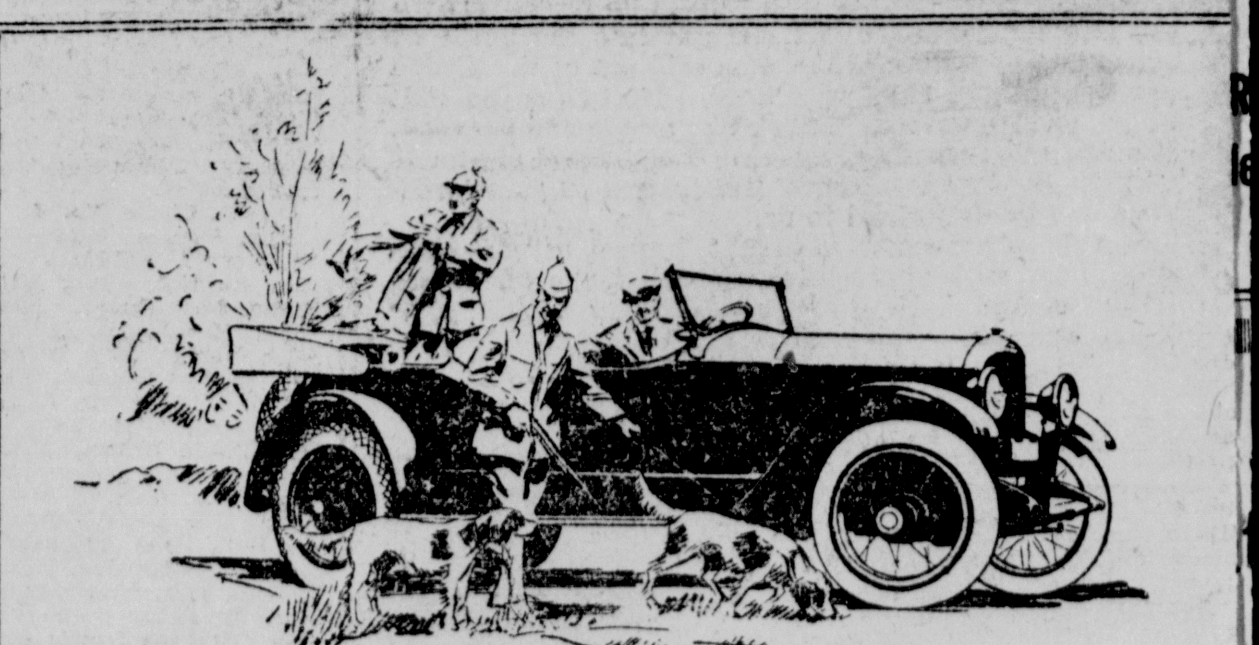

"They come in smoking from wasted gasoline and wasted lubricants and go out steaming with efficiency," Mr. Joy asserted. "We actually put steam into the gasoline and really make gas cars into steamers."

Mr. Joy, who is technically trained in engineering, had long known the necessity of getting moisture into the automobile engine. He searched the country for something to do this properly, and finally found it. The process is made possible for owners by the Automatic Carburetor, for which the garage has the exclusive agency here. Owners of cars assure the automobile expert the carburetor does more than he claims for it.

"The steam carburetor, for which automobile experts have labored for years, gives the automobile continuously the effects which the owner notes now on a rainy day," Mr. Joy said. "It puts live steam into the gasoline vapor. The steam, as automobile men know, eliminates carbon completely and keeps it

## PAIGE

The Most Beautiful Car in America

Satisfaction is one of the biggest words in the English language. It is the ultimate goal of all human aspiration. Without it there can be no such thing as Happiness—with it, every moment of life is counted as worth while.

Buying a Paige car is nothing more or less than an investment in Satisfaction. It means the ability to come and go at will. It means freedom from mile posts and confining influences. It means intense pride in a thoroughly high grade mechanical product that is worthy of respect and confidence.

Hodgson Married in Springfield  
Recently—Other Ashland News  
Notes.

Ashland, Oct. 18.—Harry J.  
Allen and Ruby Dortha Hodgson,  
both of Ashland, were married  
at 6 o'clock Wednesday evening at  
the parsonage of the First United  
Brethren Church, in Springfield.  
Rev. E. E. McCorkle, pastor offi-  
ciating. They were attended by  
Mr. and Mrs. Jesse Scott of this  
city. Akron, Ohio will be their  
home.

Miss Calisto Newell, who is  
teaching school at Franglin, spent  
the week end with her parents  
here.

Misses Lois Wyatt and Virginia  
Beggs entertained at a formal  
dance at the home of the former  
on Saturday evening, Oct. 11th.  
Music was furnished by the Howe  
orchestra of Peotonsburg.

Mrs. Noah Smith and son Rus-  
sell, who is here on a furlough,  
left Wednesday for Decatur, for a  
visit with the former's daughter,  
Mrs. W. W. Sheffer, from there  
they will go on to Columbus,  
Ohio, to visit another daughter,  
Mrs. H. H. Ferguson.

Harry J. Lohman, master of  
the Masonic lodge of this city, is  
in Chicago this week attending  
the Grand Lodge of Masons as

## ILLINOIS WOMAN'S COLLEGE

The College Orchestra will be-  
gin rehearsals on Tuesday evening  
October 21st at 7:30 o'clock.

A number of faculty  
and students will attend the Garrison  
concert in Springfield Monday  
evening.

Miss Mildred Mayer, pupil of  
Mrs. Hartman sang a solo at  
Centenary church on Sunday and  
Miss Helen Carpenter sang a solo  
at the Baptist church.

Miss Gladys Sargent, pupil of  
Miss Lazelle, sang a special solo-  
it at the Rally Day of the Presby-  
terian church in Woodson last  
Sunday. Miss Sargent was also  
soloist at the meeting of the  
State Convention of the Anti-  
Horse Thief Association in Odd  
Fellows Hall on October 15th. She  
was accompanied by Miss Mar-  
jorie Taylor, pupil of Mr. Pearson.  
Miss Sargent and Miss Bessie  
Thayer sang solos at the reception  
at Centenary church, Thursday  
evening, accompanied by Miss  
Marjorie Taylor. Miss Marjorie  
Deatherage gave a reading.

Founders' Day was observed at  
the College Friday. A very inter-  
esting program was given during  
the morning. Rev. Fletcher de-  
livered the address and Mrs. Lam-  
bert read the life and work of Dr.  
Jacques, first president of the  
college. A very appetizing  
luncheon was served at noon to  
the trustees, members of the fac-  
ulty, students and a number of  
friends of the college, which was  
thoroughly enjoyed by all. In the  
evening Mr. Henry Ward Pearson,  
Director of the College of Music,  
gave an organ recital in Music  
Hall before a large and appreci-  
ative audience.

Mr. and Mrs. James E. Mac-  
Murray of Chicago arrived in the  
city Saturday morning and are  
guests of Dr. and Mrs. Harker.  
Mr. MacMurray is one of the trust-  
ees of the college and a member  
of the executive committee.

Mrs. B. M. Griffith of Spring-  
field, who is a guest with her  
daughter, Mrs. T. J. Pitner, was a  
guest at the college Friday. Mrs.  
Griffith was a member of the class  
of 1852 and is the oldest living  
alumna.

Mrs. W. H. DeMotte, wife of  
one of the former presidents of  
the college, was a visitor at the  
college Friday.

Captain Edward S. Johnston of  
Bloomington, Indiana, visited his  
sister, Miss Mary Johnston, a  
member of the college faculty,  
several days the past week. Cap-  
tain Johnston is now with the  
24th U. S. Infantry. He went  
across in June, 1917, with the  
28th U. S. Infantry and returned  
to the United States September,  
1919. Captain Johnston was  
twice wounded and was cited for  
conspicuous personal bravery at  
Cantigny and at Soissons. He  
commanded a company in the  
composite regiment which escorted  
Pershing in Victory parades  
in Paris, London, New York, and  
Washington.

Mr. and Mrs. A. C. Metcalf and  
Master George Metcalf, who have  
been spending the week in Chica-  
go, will return to the college  
Saturday evening.

Thursday was a day of stunts.  
The morning was given over to  
the Junior class who presented a  
number of pages which are to ap-  
pear in the college annual, the  
Illiwoco, published by this class.  
The various departments were  
presented in animated form and  
their excellence proved the need  
of every student for a copy of the  
annual. In the evening the  
Senior class entertained the  
school for an hour. The players  
presented "Daddy's Long Leg",  
featuring Margarine Stark, Ro-  
tundis Shobuckle, and Leonardo  
Die Quickly. The scenario was  
read while the action was carried  
on in pantomime.

The Phi Nu society entertained  
a number of new girls at a very  
elaborate party in the society  
hall Saturday evening.

## BREAK THE SHACKLES

There is hope for those who have suffered from so-called incurable disease and ailments and those who are not up to the mark in health and efficiency. That hope lies in Chiropractic.

Chiropractic (KI-RO-PRAE-TIC) is based upon the knowledge of the brain, spinal column, spinal cord and the nerves. Pressure on a nerve at the opening where it leaves the spinal column will cause disease in that organ or tissue at which the nerve ends. If the pressure is on the nerves that lead to the eyes, eye trouble often results. The Chiropractor adjusts with his hands and without drugs or knife the displaced vertebrae, which relieves the interference with the nerve force and enables Nature to restore normal conditions, or Health, in the affected organs.

The beneficial results which generally follow the use of Chiropractic adjustments, even in cases that are long standing and obstinate, demonstrate the merits of

### SOME FACTS REGARDING ARKANSAS

S. E. Simonson of Luxora, Ark., joined the company enroute to Vicksburg recently and told the writer some facts regarding the state south of Missouri. The gentleman stoutly insisted he was not a land agent, tho he owns a small patch of something over six thousand acres. He was reared in Montgomery county, Ill., but has been in Arkansas 17 years and claims to be well posted regarding its general features. His home is in the northeast part which is in many respects superior to other parts but he gives a good account of all.

Last year it was second in the union in the value of crops per acre and stands first in cotton, corn and alfalfa. In his vicinity the cotton is of a longer fiber and sells for fifty cents a pound when the ordinary article brings 33 to 35 cents. A man in the S. Francis valley raised last year 4,000 bushels of corn and sold a third of it as No. 1 and the remainder as No. 2. R. E. Lee of Wilson had a corn crop averaging 75 to 80 bushels per acre and wheat averaging 30 bushels per acre. Cotton is the leading crop and a good field will yield from three fourths of a bale to one and one fourth. A bale weighs 500 pounds and when it sells for fifty cents a pound it means something. Then an acre will produce 1,000 to 1,200 pounds of seed worth \$70 a ton.

There is no cotton strike nor threat or thought of producing less. The state produces oak, gum, elm, ash, hickory, maple and cypress lumber; also persimmons and pecans while some parts are favorable for apples, peaches and other fruits. A man named Johnson in West Arkansas has the largest peach orchard in the world. Arkansas produces 85 per cent of the aluminum used in the country; in Pike county there is a genuine diamond mine on a small scale similar to those in South America. There are some placer diamond mines in South America but nowhere else on this hemisphere are there any mines. The stones are found in a blue clay deposit and are worked to some profit. Zinc and lead are plentiful and a good quality of smokeless coal is found. In the matter of education the state is making progress. Better school houses are being erected and the colored children are getting more schooling than heretofore. When we remember that the colored man can rent land and have his whole family help him cultivate it it will be seen that he is better off than at the north where he gets better wages but can't use his family and living costs more. Many colored men have accumulated property and many own small farms or homes in towns. He can raise of alfalfa five tons to the acre and it readily sells for \$35 to \$40 a ton. A renter pays his landlord one fourth the cotton if he supplies all and if the owner furnishes mules and seed, each has half. In five years many colored men beginning with nothing have accumulated complete farming outfits of animals and machinery and many have bought farms or homes in addition. A man and wife can cultivate twelve acres of cotton or fifteen if he has children to help.

Politically the southern people are getting their eyes open and if one may judge of indications something will be doing down there next year. Gov. Lowden fills their bill exactly and plenty of men, regardless of party, have no hesitation in saying they will support him if he is nominated for president tho they never yet voted a Republican ticket. The party will do a grand thing in nominating him for president.

### ILLINOIS COLLEGE NOTES

A simple but impressive exercise was held at the Illinois College Club Tuesday noon, when President Rammelkamp, on behalf of the College, presented to the Club a large portrait of Earl P. Sooy, ex '19. The portrait was hung over the mantle in the dining-room. It will be remembered that Sooy was reported first as missing and then as killed at Attigney on the Alsine. The portrait shows Sooy in his football togs as he appeared when he was a member of the famous championship team of 1915. In addition to the remarks of President Rammelkamp brief addresses were made by Dean Hayden and Henry A. Smith, '21, who saw Sooy on the other side. Any friends of Sooy in town who may be interested to see the portrait will be welcome at the Club.

Dorothy Foster, '18, has registered at the George Washington University in Washington, D. C. for graduate work leading to the M. S. degree. Miss Foster is still in the chemical laboratory of the U. S. Geological Survey.

President Rammelkamp attended the recent meeting of the Schoolmasters' Club in Peoria. Several other Illinois College men were at the meeting including Clifford H. Dixon, '16, Clay Apple, '17, and Richard O. Stoops, '06.

The Y. M. C. A. meeting last Tuesday evening, led by Carlyle Antrobus, '22, on the subject of Religion proved one of the most interesting meetings of the Association.

Clifford H. Dixon, '16, is superintendent of Schools at Cuba, Illinois.

The Reverend T. H. Tull, the new pastor of Grace church, spoke briefly to the students at the chapel exercises Thursday morning.

Captain W. T. Harmon, '07, was one of the speakers at the Morgan County Teachers' Association Friday.

The Devotional Service at the Academy Hall Sunday evening will be led by Edward Tomlinson, '20. The subject for the evening will be "The College Sabbath".

Miss Ethyl Elizabeth Hughes, of Minneapolis, Kansas, registered for both college and conservatory work during the past week.

Professor V. H. Scott, the new head of the Department of Mathematics and Physics, gave a brief talk Tuesday morning at Chapel. Professor Scott expressed his sympathetic interest in the various outside activities of college life, but urged the correctness and importance of the old fashioned doctrine that the work of the regular college course must be given first place. He urged also that each student select only as many lines of outside activity as he can carry satisfactorily, and that he make this selection

with due regard to a well balanced development along intellectual, spiritual and physical lines. He spoke also of the great value of team work along all lines of college activity.

The Gamma Deltas gave a farewell reception for Miss Lucille Bennett, Thursday evening in the society rooms.

The Glee Club is having regular rehearsals on Wednesday evenings, and it is expected that Professor Keep will develop a strong organization.

Roger Carter, '23, is detained from his classes on account of illness.

### NEW FORD CAR STOLEN

Chief of Police Khoran received a message from Springfield Saturday to be on the lookout for a new Ford car which had been stolen in that city Friday. The car was one of a number which were being taken overland from Detroit, Mich., to Beardstown. The only thing to establish the identity of the car is the engine number which is 3,405,974. A reward of \$100 is offered for the recovery of the car.

**Successful  
Students Must  
Have Good  
Vision**

The young men and women of today, who have successfully passed thru various stages of school life, have either had good eyesight or have worn glasses that gave them normal vision.

Without good vision good work is impossible. We overcome the prejudice against wearing glasses by making them pleasing to the eye and efficient in vision.

Our examination is accurate and not uncomfortable.

**C. C. PHELPS DRY GOODS COMPANY****WAVERLY SMOTHERS WINCHESTER 66 TO 0**

Scott County Football Team Outclassed By Waverly Organization.

Waverly, Oct. 18.—Football players representing Winchester high school visited Waverly Saturday and received an awful trimming when the local school team defeated them to the score of 66 to 0. With the exception of the tackles, quarter and full back positions the visitors put up little resistance.

The Waverly line-up was as follows: Harrison, c; Preston and Taylor, e; Burnett and M. Woods, tackle; McKee and Arnold, ends; John Knight, quarterback; Redfern, left half back; Jarrett, right half back; William Knight, full back.

Touchdowns were made as follows: Crum 1, Deatherage 1, McKee 1, Gorman 2, William Knight 2, John Knight 1, Arnold 1, Redfern 1. Loneragan of Springfield, referee.

Waverly will meet the Hillsboro team at Waverly next Saturday.

**A VISITOR FROM MISSOURI**

Captain George G. Mayer of Liberal, Missouri, is visiting at the home of Howard McGhee, south of the car line. Captain Mayer has a fine army record, having enlisted as a private and risen to the rank of captain by sheer force of merit and he is now enjoying the fruits of a life of honest endeavor.

He says that his place once had a name that did it no credit. A number of people of various beliefs and principally no beliefs, determined to start a town which would not have any sort of a church in it they looking on the Christian religion as unworthy of credence or respect. They attracted a good many as did David to the cave Adulam, but the truths of the gospel were sadly needed there as in every community and in time matters came to such a pass that living there was very undesirable and so finally two churches, a Methodist and Christian, were organized. The infidels died or moved away or lessened their objections and now Captain Mayer says the place is neat and thrifty and attractive to any one. Sunday school and church services are the rule right along and all is prosperous.

**VISITOR FROM WICHITA**

E. F. Fleming of Wichita, Kansas, is visiting friends at his former home in Bluffs. He says his city, the metropolis of southern Kansas, has had a great growth since the advent of the oil seekers. At one time in the 1880's the place was very dead and many lost large fortunes in real estate there, but increased agricultural interests and oil have made it a great city and on a rather solid foundation.

We are pleased to announce to the people of Morgan county and surrounding territory that we are back on the job again (after fourteen months absence on account of the war) with the same NASH line of passenger cars and trucks. Also, in addition to these the Jordan passenger cars. Temporarily we will do our service work and display the above cars at the Gray Garage just east of P. O., and about Nov. 1st at 304 East State Street, opposite Post Office.

We want to assure our old patrons, and future customers too, that we will endeavor to give to them that same RELIABLE, RESPONSIBLE, and SATISFACTORY SERVICE as was our previous custom.

With this announcement we wish to say that these cars have not changed their general appearance since three years ago; but of course a number of refinement have been made here and there as a natural consequence of mechanical evolution, therefore these cars do not get out of date—always in style and satisfactory.

So intensive is the demand for Nash and Jordan cars, both factories are months behind orders. You will be wanting a car this Fall—maybe not till Spring—In either event, better place your order NOW for a new 1920 model now on display at the Gray Garage, first door east of Post Office. Bell 271. Phone us your wants. Cars will be delivered in the same sequence as orders are taken. Time payments or Liberty Bonds accepted.

Yours very truly,
